

Bespoke UK Made Snood (Large)

By approving this visual, you are agreeing to the product and print specification as shown. This visual only indicates the positioning and general colour scheme of the umbrella. It cannot be taken as an exact representation of how the finished umbrella will look due to variations in screen setup and/or printer preferences.

Depending on the method of manufacture, the logo may follow the natural curve of the canopy and bow slightly.

For all-over canopy designs or where the print flows across two or more panels, there may be a misalignment of upto 5mm per panel as each canopy is sewn together by hand. We recommend keeping fine detail and all important information as central on each panel as possible to avoid complications.

Pantone references will be matched as close as possible to those specified and will always be within commercially acceptable tolerances.

PLEASE DOUBLE CHECK THE FOLLOWING

- Product shown and the panel colours
- Number of panels printed
- Positioning of all printing
- Accuracy of the logo and any text
- Specified print colours
- Full size artwork on the additional pages
