DECORATION TYPE

- Jacquard

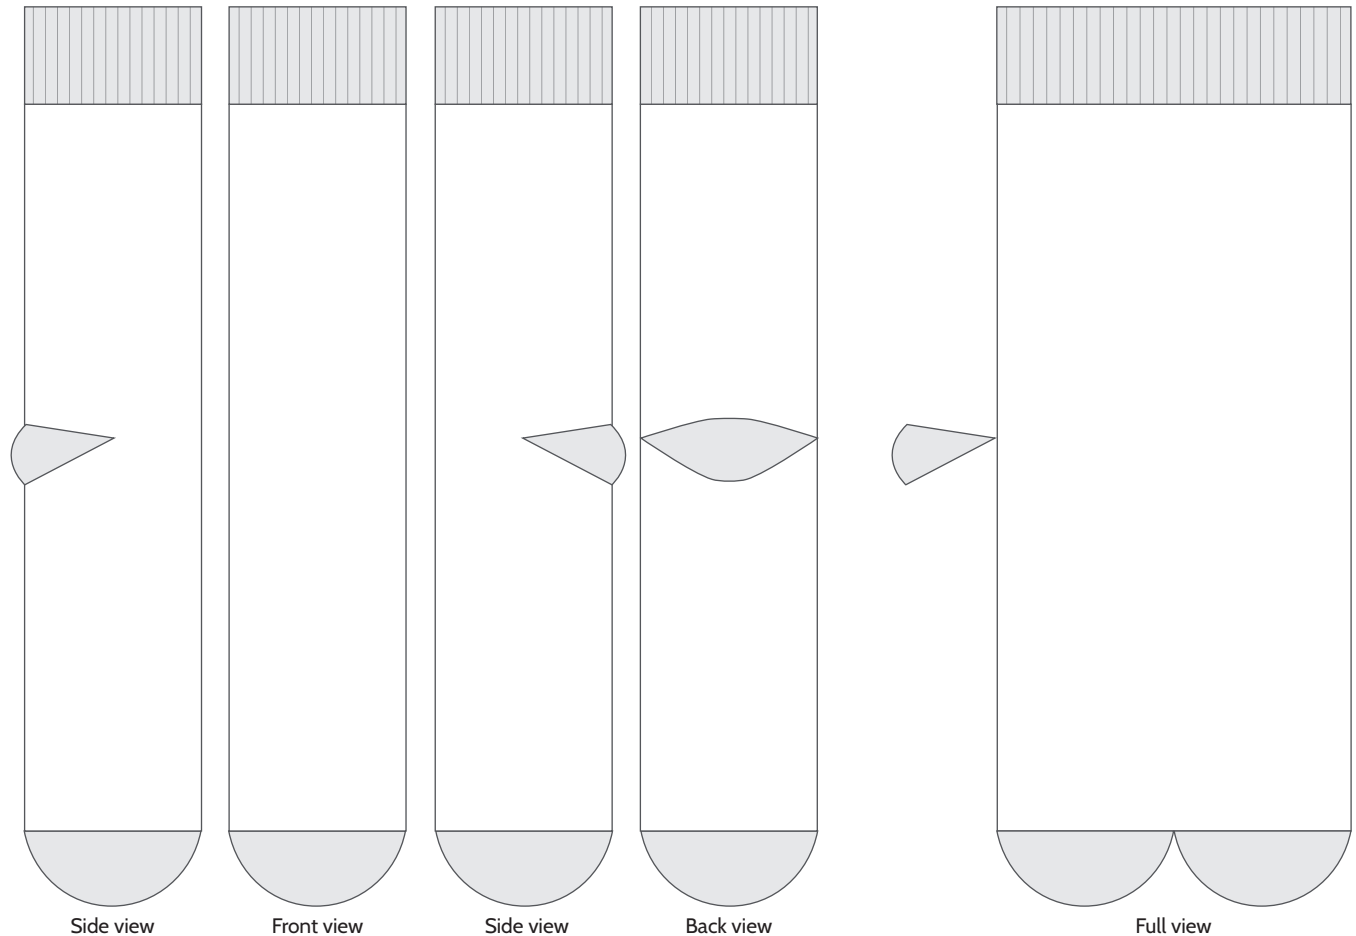

INDIVIDUAL PACKAGING TYPE

- Headercard Wrapband
 Compostable bag

PANTONE COLOURS

- Colour 1
 Colour 2
 Colour 3
 Colour 4
 Colour 5
 Colour 6

For quickest results please use a vector based design program, such as Adobe Illustrator, and save as a PDF with the editing qualities preserved. If not using a vector based program please make sure that all logos and design elements are supplied as separate files in addition to this design sheet. The exact knitting pattern, yarn matching and detail achievable will be confirmed when artwork is approved to move forward to knitting pattern stage.

DESIGN GUIDELINES/NOTES:

The heel, toe, and cuff of the sock, noted by the grey areas on the above cad, need to be solid colours as we cannot pattern here.

No pattern detail is allowed in the foot bottom – although a central logo can be knitted here.

No odd design on the left or right leg is permitted – unless quoted.

Use a maximum of 6 colours in the design.

For yarn matching Pantone Solid Coated Formula Guide Codes are recommended.

Small and complex design elements are not viable for knitting. For example, line thickness may need to be increased on the final product as we have to work within the constraints of stitch size. Other design elements that can also be affected by stitch construction include registered trademarks (unless they can be knitted over-size, we recommend that these be removed), diagonal lines will appear jagged on the final product and perfectly rounded circles cannot be achieved.

By submitting this artwork we assume that the approved use of any brands/trademarks has been authorised by their rightful owner.
