

The bottom 6 mm of the front is covered by the flap when it folds up, it is not advised to print anything with 6mm of the bottom.

The Cyan line is the cutter line, Keep critical objects like text within 2mm of this line.

The Magenta line is the bleed requirement. Images and background colours that are intended to run off the edge of the pack should be extended to this line, they will then be trimmed off after printing.

This is the flap that folds up at the front, a small staple is inserted through the middle.
