

15mm Lanyard with Dog Clip attachment

900mm x 15mm Lanyard (reduced to show full print repeat)

This visual is intended to illustrate the size, colour and repeat of the print.

Each lanyard is cut and assembled by hand and therefore the position of the logos in relation to the attachment should be taken as a guide only.

'Pantone matched' lanyards are dyed to a very close match to the PMS uncoated reference requested. We cannot guarantee an exact match - due to the nature of the materials used in lanyard manufacture. The result will be within 'commercial tolerances' and any orders are accepted on this basis
